Hi Chris, and late response I'm in full support of the revision that's being suggested and the plan that follows. I thought I would mention two issues that I would like to see

1. There is an open rain drain pipe that starts up on Marelen Dr and runs down the slope to Harbor Boulevard at the property line between 1601 North Harbor and my lot which is 281-011-26. I would hope this drain could be enclosed properly in the process of the construction.

2 I would hope and expect that any restrictions for driveway approaches be removed for these properties along the Improvement from Harbor Boulevard as part of improving accessibility.

Thank you very much
