Fullerton, CA 92832

Reference: Hazard Mitigation Plan Approvable Pending Adoption  
City of Fullerton, CA

Dear Kristi Hofstetter-Batiste:

The Federal Emergency Management Agency (FEMA) has completed its review of the 2026 City of Fullerton Hazard Mitigation Plan and has determined that the plan is eligible for final approval, pending its formal adoption by City of Fullerton.

Formal adoption documentation must be submitted to FEMA Region 9 within one calendar year from the date of this letter. If the adoption is not received within that timeframe, the plan must be updated and resubmitted for review.

FEMA will issue formal approval of the plan upon receipt of the adoption documentation. Adoption of the plan is required to maintain eligibility for funding under FEMA's Hazard Mitigation Assistance (HMA) programs. All funding requests will be evaluated individually based on the specific eligibility criteria and requirements of the applicable HMA program.

Please note that while local hazard mitigation plans may include additional content to meet Element H: Additional State Requirements or other local objectives, FEMA's Approvable Pending Adoption (APA) status does not constitute review or approval of any content exceeding FEMA's standard mitigation planning requirements.

If you have any questions regarding the planning or review processes, please contact the FEMA Region 9 Hazard Mitigation Planning Team at [fema-r9-mitigation-planning@fema.dhs.gov](mailto:fema-r9-mitigation-planning@fema.dhs.gov).

Sincerely,

A handwritten signature in black ink that reads "Alison Kearns".

Alison Kearns  
Planning and Implementation Branch Chief  
Mitigation Division  
FEMA Region 9
