I would like to request maintenance on one of the fence on court 3 at the Fullerton Tennis Center. I believe the fence needs to be relined along with a few openings that patrons are upset about as their tennis balls go through them. I have attached an image for reference. You may reach the tennis center at 714-773-5776. JACOB

Athletic Field Use and Allocation Process

Parks and Recreation Commission

December 9, 2024

- On November 5, 2019, City Council approved the Athletic Field Use and Allocation Policy to guide field use and allocation. The policy supports partnerships with Fullerton youth sports and the public to provide safe, well-maintained fields for recreational activities.
- With the City no longer managing field allocations at Ralph B. Clark Park and Fullerton School District handling its fields, this outlines the current process for allocating fields to our seven Youth Sports Partner Leagues, rentals, and future challenges.

- Per the Athletic Field Use and Allocation Policy priority group classifications are as follows:
 - Partner Group 1st Priority: Fullerton-based, recreational non-profits (80% Fullerton residents) with state/national affiliations. Must be a 501(c)(3), based in Fullerton, with volunteer-only coaches and board members, and follow a conflict-of-interest policy.
 - Fullerton Competitive Group 2nd Priority: Fullerton-based 501(c)(3) youth sports nonprofits with 55%+ Fullerton residents and state/national affiliation. Must submit participant and team details by the deadline, with partial rosters if teams aren't finalized.
 - Rental Group 3rd Priority: Rental groups do not meet the standards listed above for Partner and Fullerton Competitive groups. These groups get third priority for field allocation. Rental groups are limited in the number of reservations they can make.

 Parks and Recreation Partner Leagues: Fullerton youth sports leagues with 80% Fullerton residents. They must be Fullerton-based 501(c)(3) nonprofits, affiliated with a state or national sports body, with volunteer-only coaches and board members, following a conflict-of-interest policy.

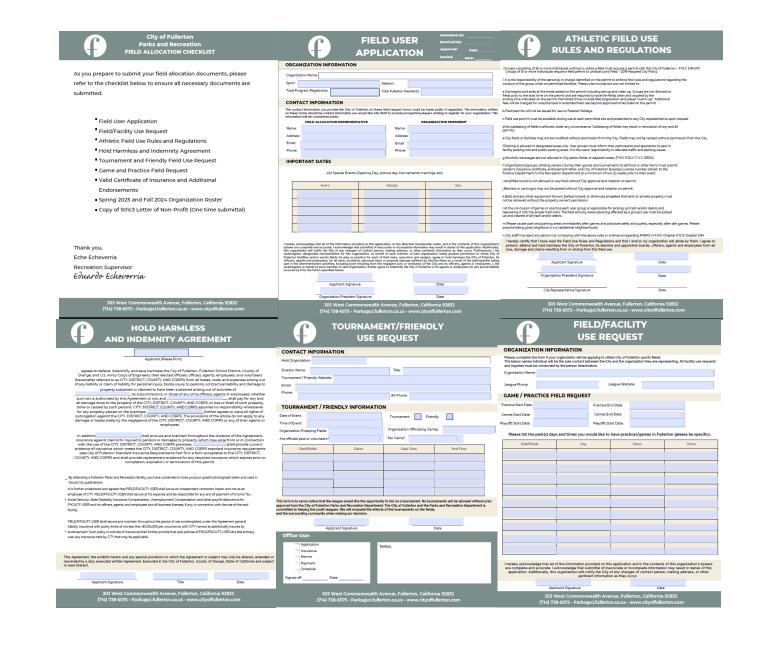

Field Allocation – Step 1

- City staff send allocation packets to all partner leagues a month in advance before the deadline.
 - Applications include
 - Field Request packets
 - Special Event and Tournament requests
 - City's Athletic Field Use Rules and Regulation form
 - Hold Harmless Agreement forms
- Partner leagues must submit the following:
 - Certificate of insurance
 - Rosters
 - Non-profit letter
 - Practice and Game schedules

Field Allocation Packets

Field Allocation – Step 2

- City staff receive partner leagues field request, review and identify the following:
 - The field "needs" for all organizations
 - Any conflicting request with other organizations
 - The impact on other organizations
 - History of previous request
- After staff review all applications. Staff inform the Partner Leagues of all conflicts.
- The Athletic Policy states that users must find a resolution before the user group meeting.

Field Allocation – Allocation Meeting

- City staff, School District staff, and partner groups meet Semi- annually before each season begins.
- During the meeting:
 - Staff shares field closures, rules and regulations
 - Staff receive feedback from the organization on any challenges they face throughout the season
 - Landscape shares any upcoming field projects
 - Roundtable
- End of Meeting:
 - Staff review all field conflicts with the group
 - If conflicts are not resolved, the policy is reference and the group with most residents obtains field permit.
 - Currently the policy does not have a tie-breaker.
- Once all conflicts have been resolved permits are issued to Partner Leagues

- Once all fields have been allocated to Partner Leagues staff reallocate the additional fields to all group users.
 - Groups obtain remaining fields
 - Formal meetings are not held for remaining group categories.

Agenda Report

Parks and Recreation Commission

MEETING DATE:	DECEMBER 9, 2024
TO:	PARKS AND RECREATION COMMISSION
SUBMITTED BY:	DAISY PEREZ, DEPUTY CITY MANAGER
PREPARED BY:	CHRISTIAN HERNANDEZ, PARKS AND RECREATION MANAGER
SUBJECT:	INDEPENDENCE PARK MASTER PLAN COMMUNITY SURVEY REVIEW

SUMMARY

The City of Fullerton is actively working on redesigning Independence Park. The Parks and Recreation Commission is being presented with the results for the community input process. Staff is seeking direction from the Commission on the final list of elements to include in the Independence Park design plan.

RECOMMENDATION

- 1. Review and recommend that staff incorporate the following elements into the Independence Park master plan design: preserving the racquetball courts, and skate park; incorporate new restrooms, an inclusive play structure, a central picnic shelter, a splash pad/water feature, and pickleball courts; and exclude a dog park.
- 2. Provide alternate direction to staff.

FISCAL IMPACT

Independence Park has \$2,000,000 allocated in the current fiscal year from the Park Dwelling fund. Approximately \$3.5M in federal and state funds have been earmarked for this project. The final project budget will be determined once the project design has been finalized.

BACKGROUND

Independence Park is a 10-acre community park that has been one of the most popular parks in Fullerton for many years. The park's current condition requires additional resources to restore and make it a destination for our community. The playground has

been removed due to safety concerns, the skate park has been vandalized multiple times, and the gymnasium has been closed since COVID-19. One of the park's highlights continues to be the handball courts, which have remained open throughout the years and are highly utilized. Upon completion of the Union Pacific Trail, Independence Park will serve as a gateway to the trail.

DISCUSSION

Staff invited the community to a meeting on September 25th, 2024, at the Fullerton Community Center to discuss the design and amenities proposed for Independence Park and participate in a survey. The survey was live for the entire month of October, and approximately 350 responses were submitted.

The survey engaged a broad cross-section of Fullerton residents, collecting data on park visitation habits, preferences for new amenities, and feedback on current facilities.

Summary of Survey Results:

- 1. Handball Courts (59 mentions): Highly valued for their cultural and recreational significance. Requests include maintaining indoor and outdoor courts, improving lighting, and hosting tournaments.
- 2. Skate Park (25 mentions): Recognized as essential for youth activities, with suggestions to expand and improve safety and maintenance.
- 3. Playground (34 mentions): Desire for an inclusive, shaded playground with modern equipment.
- 4. Trees (12 mentions): Calls for more trees to enhance natural shade and aesthetic value.
- 5. Racquetball Courts (18 mentions): Advocacy for reopening and renovating indoor courts for year-round recreational use.
- 6. Restrooms (22 mentions): Strong demand for clean and accessible restrooms to meet park-goers' needs.
- 7. Lighting (29 mentions): Improved lighting across the park for safety, particularly at night.
- 8. Splash Pad/Water Feature (14 mentions): Desired as a family-friendly addition, especially during summer.
- 9. Pickleball Courts (15 mentions): A popular request to diversify recreational activities.
- 10. Central Picnic Shelter: Suggested for family gatherings and community events.
- 11. Water Fountains (8 mentions): Need for functional water fountains and refill stations.
- 12. Dog Park (7 mentions): Mixed opinions; some oppose due to existing facilities nearby, while others support a smaller designated area.
- 13. Homelessness (15 mentions): Concerns about safety and usability due to unhoused individuals in the park.
- 14. Trash (9 mentions): Requests for better trash management to maintain cleanliness.

The survey responses reveal significant community engagement and interest in the redevelopment of Independence Park. Key themes include the preservation of existing recreational amenities, the addition of new facilities to enhance usability and inclusivity, and the improvement of safety and maintenance measures.

Respondents emphasized the cultural and recreational importance of the handball courts, skate park, and racquetball courts, advocating for their preservation and enhancement. There is also strong support for incorporating family-friendly amenities, such as an inclusive play structure, central picnic shelters, and a splash pad or water feature. These additions align with the community's desire for spaces that support family activities and cater to children of all abilities.

Additionally, there is a clear need for improved infrastructure, particularly the addition of restrooms, functional water fountains, and enhanced lighting throughout the park. Safety and cleanliness emerged as recurring concerns, with multiple comments highlighting issues related to unhoused individuals and insufficient maintenance of existing facilities. While some respondents expressed interest in a dog park, the feedback was mixed, with others arguing against its inclusion due to the proximity of existing facilities and concerns about space allocation.

Recommendations

Based on the survey results and staff's analysis, the following recommendations are proposed for the Independence Park redevelopment plan:

Preservation of Key Amenities: Maintain and enhance existing recreational facilities, including the handball courts, skate park, and racquetball courts. Improvements should focus on updating infrastructure, such as lighting and seating, and providing opportunities for community-driven activities like tournaments.

Incorporation of New Features: Include an inclusive play structure, a central picnic shelter, and a splash pad or water feature to create a family-friendly environment. These features align with community priorities and address the need for inclusive and interactive amenities.

Infrastructure Improvements: Construct new restrooms to enhance accessibility and usability for all visitors. Additional infrastructure improvements should include shaded areas, water fountains, and expanded lighting to ensure comfort and safety throughout the park.

Exclusion of a Dog Park: Exclude plans for a dog park based on mixed community feedback, instead focusing resources on features with broader support.

Addressing Safety and Cleanliness: Enhance park security through increased lighting, surveillance, and routine patrols to mitigate safety concerns. Implement better maintenance practices to address trash management and maintain cleanliness across all park facilities. Partnering with social services may also help address challenges

associated with unhoused individuals in the park.

The community feedback highlights a strong desire to create a balanced park design that preserves cherished recreational features while incorporating new, inclusive amenities. By addressing infrastructure needs and safety concerns, Independence Park can evolve into a space that serves the diverse needs of the Fullerton community, fostering a safe, inclusive, and vibrant environment for recreation and connection.

My friends and I all play pickleball, and we currently play in La Palma's Central Park. The park's recreation activities are very well maintained. Fullerton South does not currently offer anything of that caliber.

Please keep the handball courts

Your ranking system is not working in this survey! It only allows you to prioritize one item at number one, then won't let you prioritize the rest of the urns. Needs fixing, try another way.

Why is the rec center closed? I used to go there a lot as a kid and the pool also. I Koss those days.

While I would love to see amenities added (playground equipment, benches, tables, etc.), I worry that these would attract more houseless individuals given the location of the park (i.e. since it's not in a location like

When are they going to fix the lights for the handball courts

We love the handball courts and we don't think they should be removed

We love our park and are glad it is getting the attention it deserves. keep in mind some things that hold child hood memories like the 3 big rocks in the center of the field. We have also been waiting for the indoor

We desperately need a playground for littles. The Aloe Greens park in Anaheim does an amazing job of including all age types into one small space. People travel from different cities to play there. There is ping pong and foosball tables for adults as well. The play equipment is sturdy and welcoming to all abilities. Lastly, please keep We are concerned that this will fall through the cracks and it will sit in disrepair. The community often used the park and playground, however lack of maintenance rendered it useless. It was a loss that the community felt Turn on the lights Re open the gym for basketball players

There isn't any reason to expand the skatepark when there are other skating features at Woodcrest. The dog park does not need to be that big, and other parks should include small dog parks. Pickleball courts, basketball

The park needs public restrooms as it would solve from people leaving the park just to go to the restroom

The indoor and outdoor handball courts should be open to public and enhances with viewing seats and shade. This activity could be profitable for the city to host tournaments. Handball tournaments have a very large

The handball courts havr been there for years. I would love for that to stay. There is a dog park down no need for The handball courts are a staple to outdoor physical activity/exercise for the surrounding communities. They

Rec leaders ar City hall should plan handball tournaments they are very lucrative. Host vendor events because there are A LOT of small business. Food vendors in the area. Sponsor a yearly food event. Bring families together Please save our Handball courts indoors and outdoor as a former pro player. I grew up playing at these courts at professional Handball for 20 years and I learn playing handball in the Fullerton community where the players would always help me in the beginning and talk to me how to be a good person, please don't let others that don't care about the respect of other people ruin a good thing that happens at the courts indoors and outdoor Please keep the indoor and outdoor handball courts in place.

It would be amazing if you guys can also add public restrooms as it helps us not leaving the park to just go to the restrooms or has homeless people peeing around the courts .

It is a very nice park for West Fullerton. The westside often gets neglected. Let us preserve & maintain it for our In this survey not much if at all Handball is being included in planning.

I'm a local resident, and really appreciate the job that was done for Richman Park (the new trees planted are thriving, and look beautiful, maybe we could include some silkweed into our Fullerton parks to help the dwindling Monarch butterfly populations ?) Unfortunately, some local residents do not take pride in

maintaining the cleanliness and respect the space intended for everyone. Often these picnic areas just end up getting stained and trash receptacles overflow and the garbage flows everywhere. Public restrooms incentivize people to stay far too long, and aren't maintained. During a meeting about the park, it was mentioned it would have a rentable picnic Gazebo, which sounds lovely, but I still express my concern that unfortunately, many

I would like to get the racquet bball courts and the gymnasium open again. I was member to use the racquet ball courts and only got to use it for three months before the pandemic. Sports activities actually help people

Handball courts should stay with additional lighting. They are used plenty.

Handball courts are very important to my family. Specially my father who is retired

handball courts are priority

Expand skatepark and do not include a dog park. This skatepark is the only one in Fullerton and keeps kids outside and not on their phones/ playing games tied down at home or in trouble. Keep kids in the park. Brighter lights in the skate park. And expand this skatepark so it keeps kids motivated. A dog park should not be added because there is already a dog park behind Pacific Drive. A dog park isn't going to enhance a child's life; we need to focus on how to improve this park for children and the people already using the most out of independence

Don't really care about the dog park

Don't mess up our skatepark or handball court please.

Don't bring down the outdoor handball courts

Dog park is not needed. People who advocate for a dog park have the means to drive to an existing dog park. The people who weekly frequent this park for the skatepark or handball court have a healthy FREE ativity for themselves. Which keeps them from other non healthy activites that may cost the city in other ways! Shame on Do not remove handball courts

Continue to have meetings and encourage more dialog dealing with local needs. Review the Orange County report of healthy children. This report micro targets community by schools.

Consider locking and securing the parking lot after certain hours.

Add the indoor courts so people can have their memberships that way it can help to keep the park with good conditions. You guys can use that money for maintenance to hire employees and or other things.

Add shade or trees near the handball courts

- add security cameras to skate park - new bathrooms that you can remotely open/close - survey local skating community to see what they would like - survey local programming at other skate parks

Would like youth sports there

When driving by it looks like maybe a school, it doesn't appear to be a public park from the street.

We need playground covered if possible (sun hits this park ALL Day. A splash pad would be wonderful

We need more parks. This is the forgotten area of Fullerton.

Splash pad rather then skate park.

Skateparks are crucial for the often neglected youth-teen demographic. Amenities like this are so important for their health and wellbeing. The availability of public outdoor activities is what keeps young people occupied, socializing, and healthy. If people want "kids these days.." to "get off their phones", then we should be

Make the park better equipped for families and young kids

Keep the skate park/ expand it and remove paint from skate park

It would be great to have an initiative to get youth to answer this survey. More culturally relevant programming in the area. I would to see a community garden that engages the local community.

It seems like there's so much wasted opportunity inside the building as well. I don't know what's inside but it would be so great if other community or recreational activities take place in there.

Independence Skatepark is a huge part of Fullerton and not only Fullerton but, it was one of the only parks in Orange County for a long time. A lot of History and professional skateboarders were made at Independence Increased security or increased police presence. I love the skate park but sometimes it attracts people who make others feel unsafe or uncomfortable plus the parking lot in back allows for some...sneaky activity lol just if there's exercise equipment the park should be open 24/7 so people can use whenever. if not opened earlier I would love a dog park ! I take my dogs there everyday.

I think it would be great to have carnivals/fairs at the park as well as live concerts/events

I think if it's possible to keep the playground where was before, for me is to dangerous the way you're planning the playground near to the parking spaces, to many cars. Not safe for kids. If an accident happened with a kid, they are going to sue the city. Grassy areas and trees are better for independence park. Dog park is not good

Having more community based events may reshape the way people view the park and remove any prior stigmas. Creating a family friendly environment throughout the entire park not just at the gym or swimming Food truck frenzy every month?!

Brea got their skatepark improved, Anaheim just got a second skatepark, give Fullerton a new skatepark please (: Being that I was here almost 50 years ago when Independence Park open, I'm happy to see it that the park is still in fairly good shape and maintained. The potential renovations sound very promising, especially when

Yes if you guys can fix the handball lights by turning them on once it gets dark. With the time change their will be less light and honestly handball courts keeps kids out of trouble as it keeps them busy with the activity.

Would like to say to keep the handball courts indoor and outdoor. Handball is a great sport that makes us use

our mind, physical, and learn how manage our emotions. It's very good for the body. More youth should start

Would like to keep handball courts, use them for handball and soccer

Too much empty grass space that is never used and is basically unusable by anyone.

There's no restrooms for handball or skaters available The handball players don't have lights , during the hour There is no playground!

The recreation center should be kept open daily for community use. Youth and senior programs. Career events. The park currently only has lights in certain sections of the parking lot. I would love to paint with a meaningful message to now's youth, to stay out of the streets and play handball

I live in the community next to the park and I have had issues with spray paint bottles tossed in to my backyard. This has caused paint sprayed and trash. I would like to know how that will be mitigated. Otherwise, am I to

Getting into the park can be dangerous; the "entrance" from the east neighborhood is also the vehicle entryway. Yeah the city council is racist AF cause they're guilty on pulling. And selling information and buying information to people over in Veracruz and get families grandma killed from a different state in Mexico they even where over there with santa anamonicia over on Monday after having a three day wind trip trying to pull string on their narco policias to kill people in pueblos cause they want to hide the fact of the child molesting and raping that happens in the groupie homes they have set up in front of Fullerton hillcresy park so they attack their users

Would you consider collaborating with local artists to paint murals at the skatepark. From my experience, locals have a lot of appreciation for local artists keeping the park free of graffiti with intentional family friendly art

Would like the indoor racquetball courts reopened

When the sun goes down, it's a bit "shady".

Weird sketchy people parked in the back by the skate park. Daily nightly patrol would be helpful. We need playground covered if possible (sun hits this park ALL Day. A splash pad would be wonderful We need more workers available at the park, too much risk of safety for women and children. Having someone to supervise the area would be ideal considering how much criminal traffic can be found at the parks location.

We need more shade, more water resources, and we need new sidewalks

We need a playground for children that includes climbing areas and swings.

Upgrade the playground equipment, add shading to the playground areas, add fencing to prevent kids on

transient people use it as a space to congregate. i don't think it would be a good space for an inclusive

This weekly farmers market should be moved from the community center on Wednesdays back to pre-covid posting here at Independence Park. The the vendor and parking was better. The Independence part. Some

The current park deters people from visiting. It doesn't feel welcoming and can be at times a bit dangerous.

When I walk over here with my two small children I am at my highest alert. It would be so nice to have a park in
