Existing law requires that a housing development meeting these criteria also receive 4 incentives or concessions under the Density Bonus Law and prohibits a development that receives a waiver from maximum controls on density from receiving a waiver or reduction of development standards other than as expressly provided in specified provisions of the Density Bonus Law. This bill would, instead, require that a housing development meeting these criteria receive at least 4 incentives or concessions, thereby authorizing additional incentives or concessions for these developments.</p>	<p>Status: 4/24/2020- Referred to Com. on H. & C.D.
