Good evening,

I would like to submit a request to repair the fences at the Tennis Center. I've attached an image for reference. All areas highlighted in red indicate the gates and sections that require repair.
Upon inspection, it appears that these fences need to be relined, as they are showing signs of wear and deterioration.
Please let me know if you need any additional information. You can reach the tennis center at 714-773-5776.

Hello,
The AC is still not functioning in several key areas of the building. Our primary concern is the galleries, where temperatures continue to rise. The Leo Fender Gallery is averaging 75°F, and the Media Room is at 75°F. When I attempt to lower the temperature using the knob as instructed, it actually increases to 77°F. While the fans are running, they are not producing any cool air.

Additional areas affected include:

- Conference Room: Neither the fans nor the AC are working.
- Classroom: Both the fans and AC are non-functional.
- Receiving Area: The AC is also not working here.

Given the recurring issues, the cost of ongoing repairs, labor, and replacement parts over the years, would it not be more cost-effective to consider replacing the entire HVAC system? A long-term solution may ultimately be less expensive and more reliable.

I've attached photos for your reference.

Thank you in advance for your assistance,

Hello - Public Works Team

FMC is scheduled to have our next fire inspection on Thursday, June 12th. We have several tasks that fall within the city's domain and are listed below.

- Knox Box: We will need a KnoxBox installed at one of the entrances to keep a spare set of keys in case fire needs to enter the building.
- We will need a 5-Year fire sprinkler service report.
- We need our fire alarm system inspected and tested.
- Any obsolete fire alarm equipment needs to be removed to prevent confusion in case of an emergency. We currently have a fire alarm control panel in the basement that is no longer in use and it needs to be removed or properly deactivated and labled.

I have attached the fire inspection report from April's reinspection. Please let me know if any of these issues will be solved before the next inspection this week and if someone from the City will be joining us for the walk through.

Hello,
The AC control panel in the upstairs offices appears to be completely non-functional—there is no indication of power even when we adjust the turn dial. We urgently request someone to look into this issue as soon as possible. The area becomes very uncomfortable, and we have a staff member who is expecting; prolonged exposure to the heat may pose a health risk.

In addition, the following AC issues have not yet been addressed:

- Small Gallery: Air is coming through the vents, but it is not cold. The temperature remains constant at 72–73°F, which is not safe for the preservation of our artifacts.
- Receiving Area: There is no air coming from the vents at all.
- Conference Room: There is also no air flow from the vents in this area.

Please prioritize these issues as they are affecting both staff comfort and the safety of our collections.

I have attached photos for reference.

Hello Folks!
The door saga continues...
The North door is still giving us issues. We can not lock/unlock it.
Can we get it looked at again?
Thanks!

Hi,

I just wanted to follow up with the southeast basketball hoop rim in the Fullerton Community Center Gymnasium as it is not functioning properly. When attempting to lower the hoop to 8 feet, it does not respond correctly to the switch, and an unusual sound is heard during the lowering process. Please contact me, Joanna, or Alma at the time of service for assistance.

Good morning,

Many thanks for fixing the basement's sink and allowing it to be useable after being told several years ago that a fix was essentially impossible! Now that we have a working sink, would it be possible to have a soap dispenser properly installed? The one pictured has been out of commission eons ago. Also, the paper towel dispenser's "lid" is not capable of staying closed. Can that be fixed too, please?

Thank you!!

MEETING DATE: JULY 14, 2025

TO: PARKS & RECREATION COMMISSION

SUBMITTED BY: EDGAR ROSALES, SR. ADMINISTRATIVE ANALYST

PREPARED BY: RACHEL CASTANON, ADMINISTRATIVE ANALYST

SUBJECT: MEMORIAL TREE DONATION

SUMMARY

An individual would like to donate a memorial tree at Gilman Park for a friend.

RECOMMENDATION

Approve and accept the donation of the memorial tree to be located at Gilman Park, per the conditions outlined below.

FISCAL IMPACT

No fiscal impact to the general fund. The cost of the installation and maintenance of the tree will be covered by the \$1,400 donation.

DISCUSSION

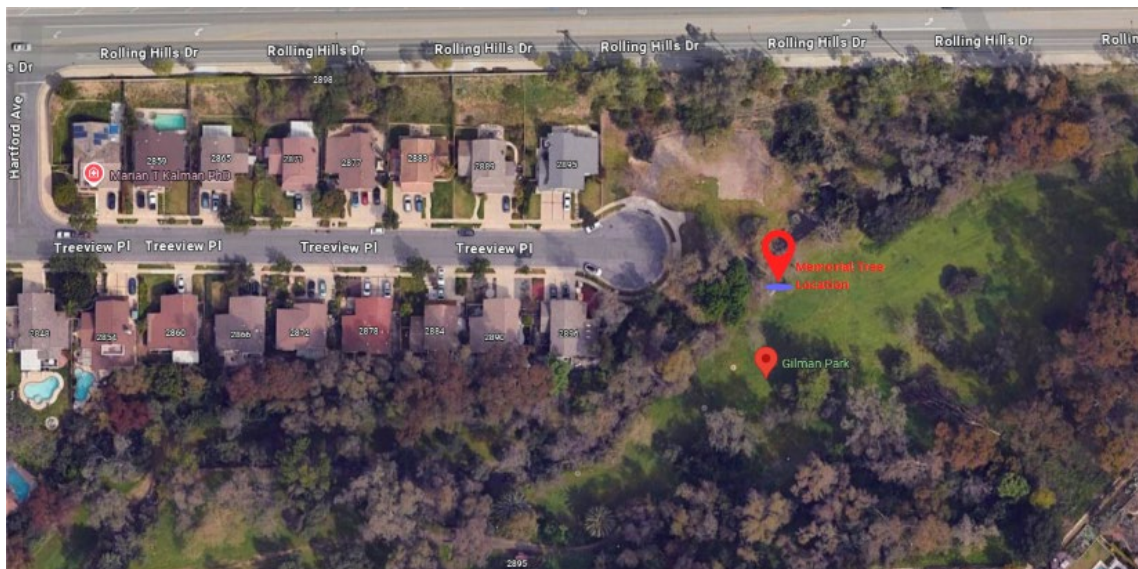

Individuals may donate a memorial bench, kiosk, or tree for placement in a Fullerton city park, based on Fullerton City Council Resolution No. 10-37 and the subsequent Parks & Recreation Memorial Tree, Kiosk and Bench Policy. Residents may have a memorial tree installed with a donation amount of \$1,400. This fee includes purchase, installation, and annual maintenance of donation.

Midhun Mohandas has applied to the Parks and Recreation Department to donate a memorial tree at Gilman Park.

SUBJECT: RELOCATION OF FULLERTON CERTIFIED FARMERS MARKET

SUMMARY

The Fullerton Certified Farmers Market is currently operating at the Fullerton Community Center; however, due to limited public exposure, the market organizers would like to relocate to Independence Park.

RECOMMENDATION

Recommend approval of the proposed relocation of the Fullerton Certified Farmers Market from the Fullerton Community Center to Independence Park, and authorize the Parks and Recreation Director, or their designee, to execute all necessary documents and take any actions required to implement the relocation.

FISCAL IMPACT

No fiscal impact

BACKGROUND

The Fullerton Certified Farmers Market, Inc., has been operating in the City of Fullerton since 1996. Initially, it began operations at Woodcrest Park located at 450 West Orangethorpe Avenue, providing access to fresh, local produce, artisanal foods, and community gathering space. While the location served the program well, the farmers market was moved to Independence Park at the beginning of 2009.

Due to the temporary closure of Independence Gym in 2020, the farmers market was relocated once more to Fullerton Community Center in 2021. Since then, the existing location has presented several operational limitations. Vendors have expressed concerns about limited space for booths, constrained parking for community center patrons, and

reduced street-level visibility, which impacts market attendance and awareness. The need for improved layout flexibility and proximity to high-traffic areas has led staff to relocate the farmers market.

The City of Fullerton and Certified Farmers Market Inc., have recently extended their license agreement to operate the Wednesday Farmer's Market for one additional 2-year term through June 30, 2027.

Discussion

With the proposed installation of a Throne restroom, Independence Park is the most viable relocation site for the farmer's market. Independence Park offers a large parking lot area that accommodates 30–40 vendors and provides parking for attendees. Unlike the current location, which restricts booth alignment and crowd flow, the park's open space enables a more efficient and inviting market layout. This includes wider walking paths, shaded seating areas, and park space for attendees to enjoy.

The market's new location would provide significantly increased access to parking within the Independence Park lot. The added parking capacity is expected to reduce congestion and improve the overall visitor experience. With the proposed improvements to the Independence Park and gymnasium, this park will service as the community hub for many activities and will greatly improve visibility to the market.

The park setting enables expanded partnerships with recreation staff, local nonprofits, and cultural organizations to host seasonal activities and performances in conjunction with the market. Possible program enhancements include wellness activations, sports clinics, public safety booths, and mobile library outreach.

The relocation of the Fullerton Certified Farmers Market to Independence Park represents a strategic and community-driven improvement.
