FISCAL IMPACT

Accepting the \$463,024.18 FY 2026-27 Cannabis Tax Fund grant from the California Highway Patrol generates no net fiscal impact. Staff requests appropriating grant revenues and expenditures within the Grants Fund (Fund 32) to reimburse eligible officer salaries, overtime, training and operational supplies.

DISCUSSION

The California Highway Patrol approved the Fullerton Police Department grant application for the CHP Request for Applications for Law Enforcement Opportunity Driving Under the Influence (DUI) / Driving Under the Influence of Drugs (DUI-D), funded under the Cannabis Tax Fund Grant Program and approved by voters as Proposition 64 (Prop 64). The \$463,024.18 award becomes effective upon agreement execution and expires June 30, 2027.

The Prop 64 Cannabis Tax Fund provides the grant funding. This grant does not have requirements similar to other Prop 64 grants which require a city ordinance approving cannabis regulation and sales. The California Office of Traffic Safety Selective Traffic Enforcement Program Grant previously funded the Fullerton Police Department Drug Recognition Expert (DRE), Advanced Roadside Impaired Driving Enforcement (ARIDE) and Standardized Field Sobriety Testing (SFST) trainings. Grants for these types of DUI / DUI-D trainings transitioned to the CHP as of FY 2021-22. Grants for DUI / DUI-D trainings transitioned to the CHP in FY 2021-22 when Proposition 64 and the subsequent funding passed.

The DUI and DUI-D-related police officer education and training is integral to combat traffic-related injuries and deaths, both in Fullerton and throughout the County of Orange. DRE, ARIDE and SFST training make up crucial elements of this plan. Fullerton police officers, and those from other law enforcement agencies, can better serve the community through proactive measures with this training in recognizing the signs and symptoms of alcohol and drug impairment and providing them with the necessary tools for a successful prosecution.
