

ORDINANCE NO. XXXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF FULLERTON, CALIFORNIA, ADDING FULLERTON MUNICIPAL CODE TITLE 8 (TRAFFIC) CHAPTER 8.90 (ELECTRIC BICYCLES AND OTHER ELECTRIC TRANSPORTATION CONVEYANCES) TO ESTABLISH REGULATIONS FOR OPERATION OF ELECTRIC BICYCLES AND OTHER ELECTRIC TRANSPORTATION CONVEYANCES IN THE CITY

WHEREAS, pursuant to the City's police power, as granted broadly under Article XI, Section 7 of the California Constitution, the City Council of the City of Fullerton ("City Council") has authority to enact and enforce ordinances and regulations to safeguard the public peace, safety and welfare of the City of Fullerton (the "City") and its residents.

WHEREAS, the 2023-2024 Orange County Grand Jury report, titled *E-Bikes Friend or Foe* examined the complex challenges posed by the increasing use of E-Bikes. The report revealed a lack of uniform regulations across the 34 Orange County cities, which often leads to inconsistent enforcement and public confusion. The Grand Jury recommended cities across the county adopt specific policies that define the rules of the road for the use of E-Bikes in their communities.

WHEREAS, City Council recognizes that electric bicycles have increased in popularity with a 269% increase in sales between 2019 and 2022 with over a million electric bicycles sold every year.

WHEREAS, new models are emerging that do not fit into existing legal categories, creating legal ambiguities and complicating enforcement efforts.

WHEREAS, E-Bikes evolve beyond current definitions and enforcing regulations related to licensing, age and equipment has become challenging.

WHEREAS, the City desires to update the Municipal Code to address these issues.

WHEREAS, these changes would provide the Fullerton Police Department with the necessary tools to enforce safety regulations effectively, ensuring the wellbeing of residents and visitors.

WHEREAS, City Council desires to promote the safe operation of E-Bikes as well as the safety of persons using electric bicycles, electric personal assistive mobility devices, electrically motorized boards, low-speed vehicles, motorized scooters, shared mobility devices and other similar vehicles (defined herein as "motorized wheeled conveyances"), while maximizing transportation and recreational opportunities.

WHEREAS, City Council determined the provisions of this Ordinance represent reasonable measures and enforcement mechanisms the City can implement to promote the safe and efficient use of sidewalks, bike paths, bike lanes, trails, streets, roads and

highways pursuant to the City police powers, based on compliance with other generally applicable laws, including state and federal law and the Fullerton Municipal Code.
