Project Description

Consideration of a Mills Act Contract for the preservation, rehabilitation and maintenance of historic property.

Background

- In April 2020, the City Council adopted a Mills Act Program and associated Mills Act Program Guidelines.
- The Mills Act allows owners of historic properties to voluntarily enter into individual contracts with the City in order to receive a property tax reduction in exchange for the restoration and maintenance of their historic property.

Background

- Pursuant to the adopted Mills Act Program Guidelines, the City may process no more than ten Mills Act Contracts per calendar year.
- The request is one of seven applications submitted in the 2025 calendar year and is the City's twelfth property requesting a Contract.
- The property falls under a qualified historic designation (City of Fullerton Local Register of Historical Resources) and meets additional eligibility criteria for consideration of a Mills Act Contract.

Existing Conditions

- The property was built in 1925 and represents a “Spanish Colonial Revival” architectural style.
- Key defining features representative of this architectural style include:
 - Stucco surfaces
 - Low-pitched tile roof
 - Arched details.

Existing Conditions

- Submitted Rehabilitation/Maintenance Plan outlines proposed improvements to be made within the next ten years:
 - Repaint exterior and trim with historically accurate colors
 - Repair damaged stucco
 - Replace rotting wood on exterior window trim and patio
 - Replace worn door screen and hinges.
- Pre-approval inspection revealed property is generally in good standing with proper maintenance of its historic integrity.
- Based on the findings from the pre-approval inspection, the property continues to maintain its architectural integrity, according to state and local standards and remains a qualified historical property and would be appropriate for consideration of a Mills Act Contract.

Mills Act Contract

- Work completed on the property should support the long-term preservation of the building and shall conform with the Secretary of Interior's Standards for Rehabilitation. All work must relate to the exterior or building systems.
- The City requires Mills Act Contract applicants to submit a description of work, timeline and cost estimates for the rehabilitation of the property during the first ten-year term of the contract.
- The Mills Act Contract between the property owner and the City includes the Rehabilitation/Maintenance Plan as an attachment and becomes binding on all future property owners. The proposed Rehabilitation/Maintenance Plan identifies qualifying exterior improvements.

Property Tax Impacts

- City receives 15.64% of property taxes, with the remaining portion going to County, School Districts and Special Districts.
- Reduction in property tax revenue to the City from a Mills Act Contract is limited to the General Tax Levy portion of the property tax bill.
