Work Request 2050 Youth Way and a Question Work Request: We continue to have a large leak in the planter that runs along the walking path between our 2 parking lots along Youth Way (outside our school grounds.) Please inspect and advise. I have included a photo from this morning. We also continue to have a water bill that is much higher than our actual consumption. Additional Question: We also believe (in addition to the leaks) that someone might be stealing water from our outdoor faucets at night. We would like to place faucet locks on our spigots. When we do this, would the city like us to give them a copy of the lock box key? (I am attaching 2 additional photos: a spigot we suspect might be the water theft access point and an example of the lock box we would like to use.) MELISSA fcns.preschool@gmail.com

Mold search in the basement
Hello Folks!
We had a flood in the basement a few weeks back during the inclement weather. Our employee down there is concerned about mold as we found a couple of items that had gotten moldy.
Can we have it tested when you get a chance?
Thanks!

SUBJECT: PREVIEW OF FY 2024-25 PARKS & RECREATION
OPERATING BUDGET AND DEPARTMENT OVERVIEW

SUMMARY

The Parks and Recreation Department uses Preview of the Parks & Recreation Department's proposed operating budget for fiscal year 2024-25 and overview of the department organization and programs.

RECOMMENDATION

Receive and file.

FISCAL IMPACT

The total increase in the proposed Parks & Recreation budget is \$1,593,489 across all funds, \$678,340 in the General Fund.

OVERVIEW OF PARKS & RECREATION DEPARTMENT

The mission of the Parks & Recreation Department is to provide a wide range of programs in the areas of recreation, families, seniors, and culture, and to develop and operate parks and park facilities that contribute to the community's health, recreation, and cultural enrichment. The Department manages 53 parks totaling 683 acres, approximately 30 miles of trails and several recreation facilities including a community center, tennis center, and golf course.

The Parks & Recreation Department is organized into four divisions: Administration, Parks, Recreation, and Events. The Administration division manages the following programs and services: Parks & Recreation Commission support; administration of the budget, grants, leases, and contracts including the Fullerton Golf Course & aquatics

programs with FAST. The Parks division manages park planning including capital projects, sports facilities, sports partner leagues and parks & trails support programs. The Recreation division manages the Fullerton Community Center and their programs including senior programs and health and wellness programs, Hunt Library and Event Center, Contract classes, and Youth Programs. The Event Division provides City-wide events, including the Downtown Fullerton Market, Concerts in the Park, 4th of July and First Night.

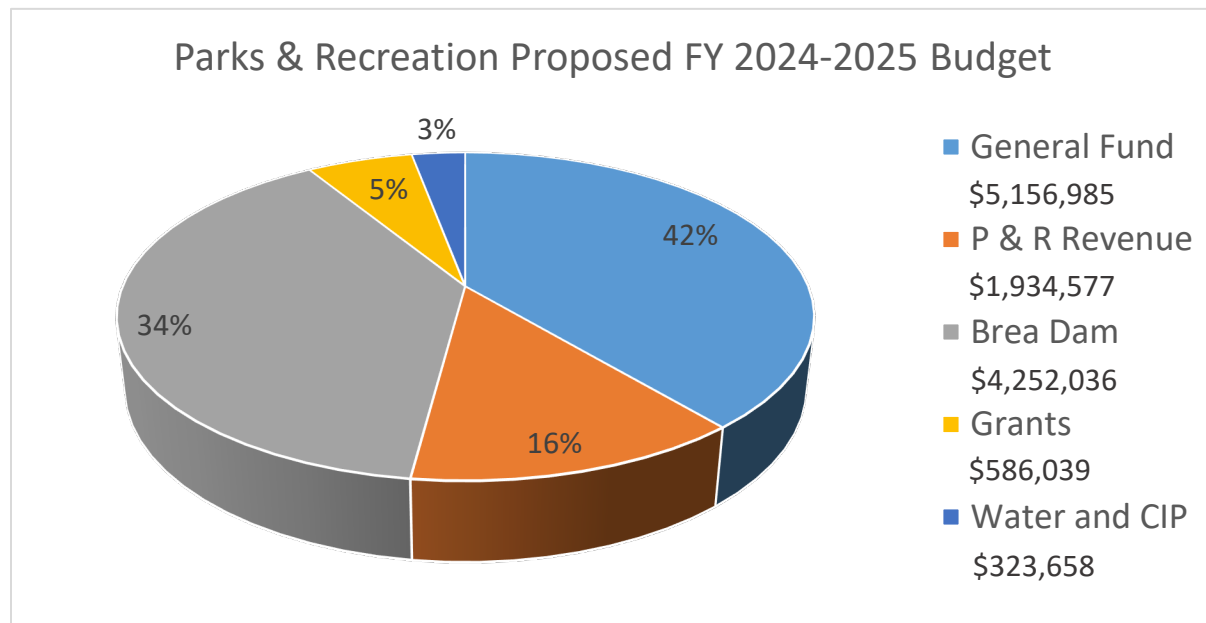

PARKS & RECREATION DEPARTMENT OPERATING BUDGET

The Parks and Recreation Department submitted a proposed FY 2024-25 operating budget of \$12,253,295 with 21 full time employees. 7 of the 21 positions are currently vacant. The total budget including all funds is 14.9% or \$1,593,489 higher than the current FY 2023-24 budget. The table below summarizes the proposed 2024-25 budget and compares it to the current 2023-24 budget.

All Funds	FY 2023-24	FY 2024-25	Change
Expenditures	\$10,428,119	\$12,253,295	15.4%
Revenue	<u>(6,151,988)</u>	<u>(6,716,938)</u>	9.2%
Net Cost / Subsidy	\$4,276,131	\$5,536,357	29.5%

The Parks and Recreation Department's budget includes several funding sources including City subsidy and revenue. In the proposed 2024-2025 budget, revenue will make up 55% of the department's budget. The remaining 45% of the budget will come from the General Fund and Water Fund.

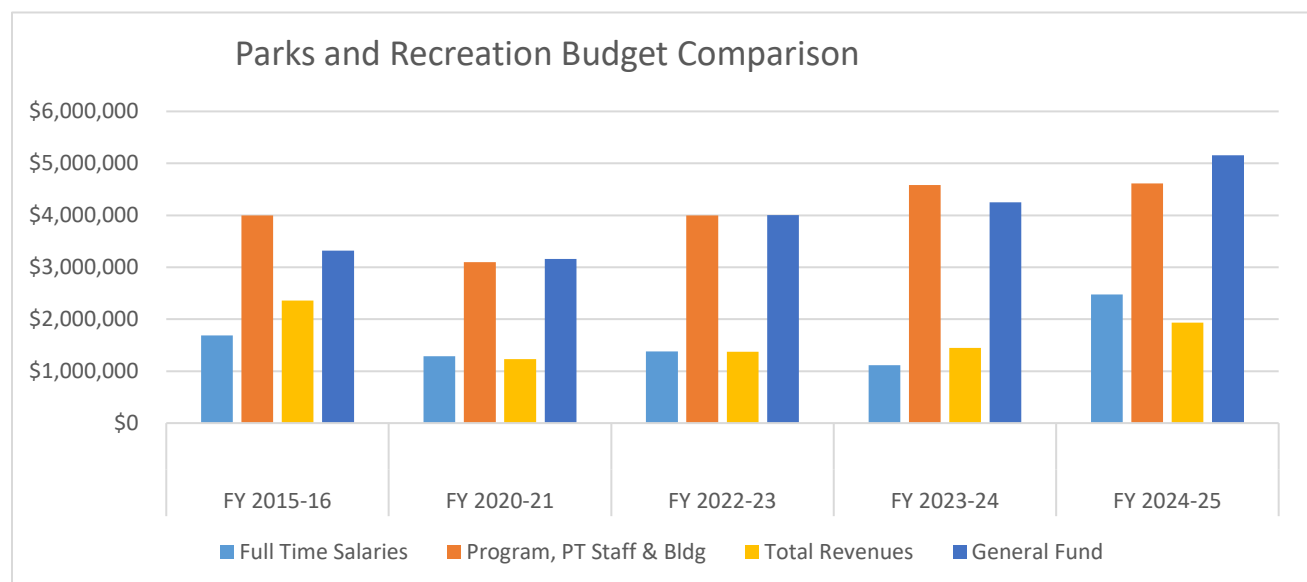

The Parks & Recreation Department's total budget is depicted in the pie chart below.

In 2023, City Council approved a re-organization for the Parks and Recreation department that added 6 full-time positions and reduced non-regular hours by 8,320 for the fiscal year. This re-organization will allow the department to provide a higher level of customer service as well as take on additional responsibilities, such as the return of city-wide events (i.e. First Night and 4th of July) and programming at the Hunt Library, which is scheduled to open on April 13th.

General Fund	\$3,322,859	\$3,157,632	\$4,003,723	\$4,478,645	\$5,156,985

* 21 Full time staff are approved, but there are currently 7 vacancies: Sr. Customer Service Representative (2), Parks and Recreation Coordinator (3), Park Project Specialist, and Park Project Manager

The proposed budget may be revised before it is submitted to City Council in May. Prior to the May meeting, the City Council will hold a budget workshop in which more direction will be provided to the Departments. At that point, staff will present the draft budgets to the commissions and committees for review and recommendations. The proposed budget will go back to the City Council for budget hearings in June.

Agenda Report

Parks and Recreation Commission

MEETING DATE: APRIL 8, 2024

TO: PARKS AND RECREATION COMMISSION

SUBMITTED BY: DAISY PEREZ, DEPUTY CITY MANAGER

PREPARED BY: EDGAR ROSALES, SENIOR ADMIN ANALYST

SUBJECT: PARK DWELLING FUND ALLOCATION OPTIONS

SUMMARY

The Parks and Recreation Department uses Park Dwelling funds to improve existing parks and develop new ones. After reviewing the available funds and considering the needs of the community, staff is seeking direction from the Parks and Recreation Commission on the preferred project to be recommended to the City Council for formal allocation of Park Dwelling funds for Fiscal Year 2024-25.

RECOMMENDATION

Recommend that available Park Dwelling Funds be allocated to one of the following park projects:

- A. Independence Park playground
- B. Union Pacific Park playground
- C. Emery Park playground
- D. Other Project(s)

FISCAL IMPACT

Approximately \$650,000 in Park Dwelling funds would be allocated to the recommended project. The final amount would be confirmed upon award of the construction contract.

BACKGROUND

The Park Dwelling Fee was established by the City Council in 1978 to address the increasing need for open park space and facilities in correlation with the growth of the city's population and dwelling units. The fee is collected from individuals or developers who establish new dwelling units within the city and is intended to fund the creation of

new parks, improvement of existing parks, and acquisition of park facilities as outlined in the City's General Plan.

DISCUSSION

The Parks and Recreation Department currently has roughly \$650,000 left in the Park Dwelling Fund. After reviewing the needs of the parks and assessing the costs of those projects, staff recommends that the available funds be used to construct a new playground at one of the following locations: Independence Park, Union Pacific Park, or Emery Park.

Independence Park is a regional recreational park that has the potential to serve as a significant recreational hub for the region. This park currently has no playground and very limited number of amenities. The addition of a playground would promote community engagement and recreational activity. If Independence Park is selected, staff would build Fullerton's inaugural adaptive playground, fostering an environment where individuals of all abilities can partake in park activities.

Union Pacific Park has been closed for almost 20 years. However, the Parks and Recreation department is looking to open this park later this year with funding requested from the City's Community Development Block Grant (CDBG) annual allocation. With limited CDBG funds available, the initial phase of the project (funded by CDBG) would not include a playground component. If the commission recommends allocating the funds towards Union Pacific Park, staff recommends that they be allocated towards a new playground at this location. This was an item that was highly requested by the community during the community engagement process and the addition of a new playground would complement that site very well.

Emery Park is also a neighborhood park. Although, it technically does have a playground, many of the components of the playground have been removed over the years due to safety concerns. The playground is over 20 years old and has exceeded its useful life. Based on the existing conditions, it is due for a replacement.

Building a playground at any of these locations would contribute to the overall quality of life for Fullerton residents, providing children with a safe and accessible area to play and socialize. Although, only one of these projects can be completed at this time, the Parks and Recreation department expects to receive a significant amount of Park Dwelling funds in the next couple of years and is planning on completing all 3 projects as the funds become available.
