Resident reported Would it be possible to request one of the standard swing seats at Ford Park to be swapped out with a high-back bucket swing seat suitable for toddlers? Ford Park currently has 4 swings that have 3 standard swing seats and only 1 high-back bucket swing seat suitable for toddlers. I visit and use this park daily with my family and we've noticed this park is being visited more frequently by kids in the 1-3 age range that require the high-back bucket swing seat. We noticed the 3 standard swing seats are never fully occupied, while oftentimes there is a queue for the high-back bucket swing seat. When the single high-back bucket swing seat is occupied and other toddlers are waiting their turn, we've seen parents try to put their toddlers on a standard swing seat or have their toddlers sit on their laps while swinging, both of which are unsafe practices that could be remedied by replacing one of the standard swing seats with an extra high-back bucket swing seat. I'd be more than happy to pay for an additional high-back bucket swing seat to expedite this process. Can you please advise me on what is needed to make this happen? Shown in the attached picture is the single high-back bucket swing seat and three unoccupied standard swing seats. Not shown in the attached picture is 1 other toddler waiting their turn to use the high-back bucket swing seat. Please inspect.

Parks and Recreation Commission

MEETING DATE: SEPTEMBER 12, 2022

TO: PARKS AND RECREATION COMMISSION

SUBMITTED BY: ALICE LOYA, DEPUTY DIRECTOR OF PARKS AND RECREATION

SUBJECT: FULLERTON ROTARY CLUB REQUEST TO NAME A PARK AFTER THE ROTARY CLUB-

SUMMARY

The Fullerton Main Rotary club is seeking the Parks and Recreation Commission's recommendation to name a City park after the Rotary Club to the City Council. This request is to celebrate the 100th anniversary of the Rotary Club in Fullerton.

RECOMMENDATION

1. Review the naming request from the Rotary Club and the City's policies for naming rights to determine the applicability of the request.
2. Provide staff direction on a recommendation to City Council
 - a. Name a park on a temporary or permanent basis
 - Or
 - b. Name a park under the Donor Recognition policy

FISCAL IMPACT

No fiscal impact. The Rotary Club will be required to fund any costs associated with renaming a park.

DISCUSSION

The Fullerton Main Rotary club is seeking the Parks and Recreation Commission's recommendation to name a City park after the Rotary Club to the City Council. Their request is to celebrate the 100th anniversary of the Rotary Club in Fullerton. Rotary International was founded in 1905 in Chicago and currently has 1.2 million members worldwide. Fullerton has three Rotary clubs, Main, Sunrise, and South. Collectively, the three Rotary Clubs donate approximately \$50,000 per year to various local non-profits through the Fullerton Rotary Foundation. The Main club, which was founded in 1922, provides approximately \$35,000 of the total donations. Attached is the Rotary Main Club's list of their donations.

The City of Fullerton has an adopted park and recreation facilities naming policy (Resolution 2018-47) which, provides the objectives and guidelines for naming parks. The objectives of the resolution are to establish a uniform procedure, provide easily identifiable and complimentary names, and encourage the dedication of land or funds for public recreational use. To carry out these objectives, the resolution outlines the naming rules or principles. City public parks may be named after the following:

- a. After California native trees.
- b. After significant leaders and events in the history of Fullerton, State of California or United States of America.
- c. After individuals or groups that dedicate services, land, facilities or funds to the City of Fullerton.
- d. To describe the flora of the area, or any unique or distinct geographical or environmental location.
- e. After prominent individuals with a Fullerton connection that represent or exemplify a highly valued ideal.

The principle that the request from the Rotary Club which best fits is C – after groups that dedicate services, land, facilities or funds to the City of Fullerton. This principle requires that the Rotary Club contribute directly to the City of Fullerton rather than the Fullerton non-profit organizations that they are currently sponsoring. The City of Fullerton has two parks named after non-profit organizations, Lions Field and Kiwanis Youth Park. The Lions Club of Fullerton donated the land to the City, made improvements, and funded a community festival for several years. The Kiwanis Club of Fullerton has managed and operated the Kiwanis Youth Park, at no cost to the City for over 30 years.

The Parks and Recreation Commission will need to determine if the request to name a park after the Rotary Club meets the objectives and policies of the City's park naming policy. Alternatively, the City has a donor recognition policy that allows individuals and organizations to name recreation facilities and rooms, with a donation to the City, that could be applied. The donor recognition policy includes pricing and the number of years for the naming rights.

CITY COUNCIL AGENDA

MEETING DATE: AUGUST 17, 2010 104-02
TO: CITY COUNCIL / CITY MANAGER R=12/8888+2yrs
FROM: LIBRARY DEPARTMENT/PARKS AND RECREATION DEPARTMENT P=12/8888+2yrs
SUBJECT: DONOR RECOGNITION PROGRAM

Approved for Agenda

Robert M. Savage for
City Manager's Office

SUMMARY

The Fullerton Public Library and the Fullerton Parks and Recreation Department are seeking approval to establish guidelines for donor recognition to our current building programs through adoption of a coordinated Donor Recognition Program specific to the Library expansion and the new Fullerton Community Center.

RECOMMENDATION

It is recommended the City Council approve the proposed Fullerton Public Library/Fullerton Parks and Recreation Department Donor Recognition Program.

PROPOSED COSTS

Direct costs for recognition are included in the construction costs for each project. The estimated cost for the recognition program is \$2,000 - \$3,000 per facility and will be borne by the donor programs. Fundraising efforts to solicit donors are being primarily coordinated by the City's non-profit partners: the Library Foundation and the Boys and Girls Club.

DISCUSSION

The Fullerton Public Library and the Fullerton Parks and Recreation Department are both in the midst of building projects that require supplementary donations from the community. Potential donors include individuals, service clubs, and businesses. In an effort to establish guidelines and facilitate interest by donors, staff is seeking approval of a Donor Recognition Program that would allow each Department the ability to recognize donors consistently and within established City Council guidelines.

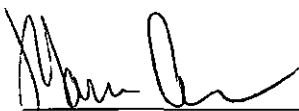

In addition to guiding the work of staff, an established set of guidelines is important to the City Council's partner agencies. These groups include the Library Foundation, the Friends of the Library, the Fullerton Boys and Girls Club, and the Senior Club.

The recommended guidelines are as follows:

- All gifts up to \$2,499 would be recognized with a display in the lobbies of the respective buildings for a minimum of a 12-month period and other public recognition (i.e. advertisements in local media).
- All gifts of \$2,500 would be recognized on a donor wall located in each building.
- All gifts of \$10,000 - \$99,999 will be acknowledged as above and with the additional option of allowing the donor to place a name plate adjacent to, or in a room or other specifically designated area within the Library or the Community Center with the approval of the respective Departmental Director. The plaque would be of standard size and materials and would read as follows "Funded by a donation from _____."
- All gifts of \$100,000 and more will be acknowledged as above. Donors at this level of giving may request additional recognition for spaces benefiting their donation, such as the naming of the area/room. These donor recognition requests would be submitted to the Fullerton City Council for approval on a case by case basis.

There may be cases where the objectives of the donor require special consideration. Staff is seeking authorization to create ad hoc committees of the Library Board of Trustees and the Parks and Recreation Commission to review special cases and make a recommendation to the appropriate advisory body and the City Council if needed.

The associated partnering organizations for both the Library (the Library Foundation), and the Community Center (the Fullerton Boys and Girls Club and the Fullerton Senior Club) have reviewed and approved this recommendation.
