

Library Bill Summary for AP - September 15 to September 30, 2021	
Invoices Paid	
SANTIAGO LIBRARY SYSTEM	\$560.00
Total	\$560.00

To increase simplicity and consistency in library record-keeping, the Library Bill Summary has transitioned from featuring the second half of the previous month's bills and the first half of the current month's bills to instead feature all of the previous month's bills. This change will compensate for months in which the Library Board of Trustees Meeting is moved to earlier in the month, as is often the case for November and December.

Accordingly, the immediate impact of this change is that the October Library Bill Summary only features the second half of September as noted above. The November Library Bill Summary (and all subsequent summaries) will feature all of the previous month's (October's) bills.
