

Agenda Report

Fullerton City Council

MEETING DATE: MAY 21, 2019

TO: CITY COUNCIL / SUCCESSOR AGENCY

SUBMITTED BY: KENNETH A. DOMER, CITY MANAGER

PREPARED BY: MEG McWADE, PUBLIC WORKS DIRECTOR
YELENA VORONEL, ACTING CITY ENGINEER

SUBJECT: ORANGE COUNTY TRANSPORTATION AUTHORITY
MEASURE M2 ENVIRONMENTAL CLEANUP TIER 1 GRANT
PROGRAM FISCAL YEAR 2019-2020

SUMMARY

Consideration of resolution authorizing submittal of a grant application to the Orange County Transportation Authority (OCTA) for Environmental Cleanup Program (ECP) grant funds to install 100 trash capture devices in the City's catch basins.

RECOMMENDATION

Adopt Resolution No. 2019-XX.

RESOLUTION NO. 2019-XX – A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF FULLERTON, CALIFORNIA, AUTHORIZING AN APPLICATION FOR FUNDS FOR THE ENVIRONMENTAL CLEANUP TIER 1 GRANT PROGRAM UNDER ORANGE COUNTY LOCAL TRANSPORTATION ORDINANCE NO. 3 FOR THE ENVIRONMENTAL CLEANUP PROGRAM PROJECT

PRIORITY POLICY STATEMENT

This item matches the following Priority Policy Statement/s:

- Public Safety
- Infrastructure and City Assets.

FISCAL IMPACT

The OCTA Tier 1 Grant Fiscal Year 2019-20 requires a local minimum cash contribution match of 20%. The proposed cost of retrofitting 100 catch basins at selected locations is \$93,130. The amount requested from ECP funds is \$74,504 and the City's contribution is \$18,626.

DISCUSSION

On April 7, 2015, the State Water Resources Control Board adopted the Statewide Trash Amendments to the Water Quality Control Plan for Ocean Waters of California to address the significant trash pollution in California's waters. These amendments, collectively called "the Trash Provisions," require that cities install, operate and maintain Full Capture Systems in catch basins located in Priority Land Uses to effectively capture 100% of trash generated. Priority Land Uses include high-density residential, industrial, commercial, mixed urban and public transportation.

The OCTA Tier 1 Grant Program is designed to facilitate the reduction of more visible forms of pollutants, such as litter and debris collected on roadways and catch basins, before they flow to waterways and the ocean. On March 11, 2019, the OCTA Board of Directors authorized the Tier 1 Grant Program call for projects.

Pending City Council's authorization, the City of Fullerton will apply for the OCTA Tier 1 Grant Program, Fiscal Year 2019-20, for a Connector Pipe Screens (CPS) installation project in Priority Land Use catch basins. The proposed project includes 100 CPS devices installed in catch basins located on arterial roadways such as Bastanchury Road, Chapman, Malvern and Commonwealth Avenues. The locations address the Trash Provision requirements within Priority Land Uses.
