RESOLUTION NO. 2019-XX – A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF FULLERTON, CALIFORNIA, ESTABLISHING A DISABLED PERSONS PARKING ZONE IN FRONT OF 136 WEST ELM AVENUE

### **PRIORITY POLICY STATEMENT**

This item matches the following Priority Policy Statement:

- Infrastructure and City Assets.

### **FISCAL IMPACT**

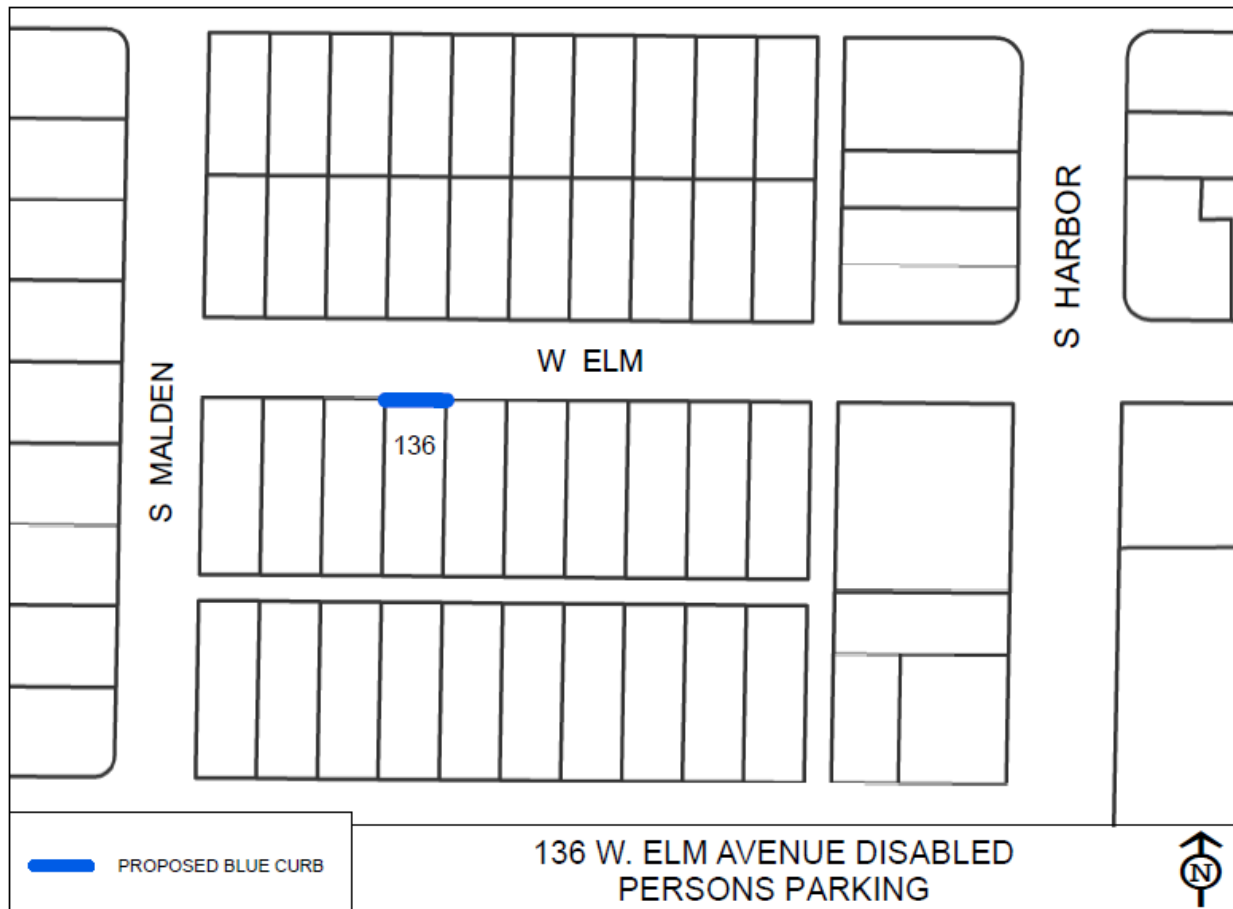

Minimal costs associated with the installation of necessary signing and painted blue curb.

### **DISCUSSION**

The request for a Disabled Persons Parking space was made in an effort to secure close proximity parking near the front of the home for a resident with very limited

mobility. Though permitted, on-street parking is often occupied, resulting in the property owner having to park a distance from the home which isn't physically an option.

This particular residence was built in 1936 and has a one-car garage off of the alley at the rear of the property. Parking in the alley is permitted. However, parking in the alley or within the garage is not feasible because of the difficulties in accessing the rear gate to enter the property and the additional distance required to travel to the home itself. The exhibit below shows the location of the proposed Disabled Persons Parking zone.

The property is ADA compliant for an ambulatory disability, with the presence of a concrete parkway and sidewalk to the front of the residence, as is required of this type of request. This request was considered and approved at the T&CC meeting on May 6, 2019. A copy of the T&CC Staff Report (Attachment 2) is included for City Council's reference.
