### **PRIORITY POLICY STATEMENT**

This item matches the following Priority Policy Statement:

- Infrastructure and City Assets.

### **FISCAL IMPACT**

Minimal costs associated with the installation of necessary signing and painted blue curb.

### **DISCUSSION**

The property owner of 130 South Pritchard Avenue made the request on behalf of their tenant residing in unit "A" on the first floor at the front of the building, immediately adjacent to the street. The ADA space is necessary so that the tenant has close proximity parking near the front of their home for a resident who requires medical

assisted transportation. On-street parking is limited as a result of the multi-family housing on the opposite side of the street which creates a hardship for the tenant. The proposed parking zone is shown below.

The property is ADA compliant for ambulatory needs as is required of the request.

This request was considered and approved at the T&CC meeting of July 1, 2019. A copy of the T&CC Staff Report (Attachment 2) is included for City Council's reference.
