

MAPLE AVENUE PAVEMENT REHABILITATION PROJECT

November 19, 2019

Location Map

Background

- On April 2, 2019, Council approved the use of one-time revenue funds for pavement rehabilitation of multiple arterial and local streets throughout the City including Maple Avenue.
- Water main replacement was previously completed in 2009.
- Sewer main is in good condition and no improvements are needed at this time.
- Project was designed by City Engineering Staff.
- Project has been coordinated with City of Brea.
