  - 1. Employees hired on or after December 23, 2012 who are not "new members" as defined under the Public Employees' Pension Reform Act of 2013 (Cal. Gov. Code §7522 – 7522.74), hereinafter PEPRa, will have their final compensation calculated based on the provisions of California Government Code §20037. Final compensation shall be calculated based on the average of the highest three consecutive years.
  - 2. Employees hired on or after January 1, 2013 who are "new members" as defined under Government Code §7522.04(f) shall be enrolled in the 2% @ 62 benefit plan mandated by PEPRa. (Cal. Gov. Code §7522.20)

5. Employees rehired after a period of separation from the City may also be subject to amendments or PEPRA in accordance with CalPERS rules and the law.

#### Employer-Paid Member Contributions – Employees Who Are Not “New Members”

The provisions in Section 12 D shall apply only to employees who do not meet the definition of “new member” under the Public Employee Pension Reform Act of 2013 (PEPRA).

1. For employees who are not “new members” as defined by the Public Employees’ Pension Reform Act of 2013 (PEPRA), the City shall pay the CalPERS normal member contribution (as defined in §20677(a)(2) of the California Government Code) into each employee's account with CalPERS, pursuant to §20691 of the California Government Code. ~~—~~Effective July 14, 2018, the City’s payment of the normal member contribution was reduced by 1% of total compensation earnable (to 6% for Miscellaneous employees), with 1% of the normal member contribution paid by the employee. The City paid portion of the normal member contribution shall be included within the employee's compensation earnable that is reported to CalPERS, pursuant to §20636(c)(4) of the California Government Code.
2. Employees ineligible for this benefit pursuant to the Public Employees’ Pension Reform Act of 2013, (PEPRA) shall not be eligible for this benefit or any replacement benefit.

For employees who are not “new members” as defined by PEPRA, this employer-paid member contribution shall not be considered base salary, and is not taxable income, pursuant to §414(h)(2) of the Internal Revenue Code. However, should any state or federal agency alter the current income tax treatment of such payment, the consequences of such action shall be the sole responsibility of the affected employees and shall in no way alter any obligation of the City toward such employees.

3. Effective March 7, 2020, employees who are not “new members” as defined by PEPRA shall contribute 1.958 percent (1.958%) of their compensation earnable (as defined in Government Code §20636) toward the employer contribution rate (“cost sharing”). On December 23, 2012, the City amended its CalPERS contract to provide that this portion of the contribution shall be made pursuant to Government Code Section §20516(a). In the event of a change in the law or legal determination that any portion of the employee

contribution toward the employer rate is not allowable as agreed, the employer-paid member contributions shall be reduced by whatever portion is not allowable and the City may determine the appropriate modifications of benefits to offset this change.

In the event that the employee cost sharing contribution is increased or this unit is dissolved between March 7, 2020 and July 1, 2021, an employee who is not a "new member" shall receive a lump sum amount equivalent to the difference between \$3,000 and the value of the reduction of the cost sharing percentage, from 5.696% to 1.958%, already received. If an employee is separated from the City, for any reason during this time frame, there is no lump sum equivalent and no additional amount shall be distributed.

Should legislation be enacted that requires employees pay any portion of the required member contribution, then the City shall take whatever action is necessary to reduce the amount of the employee pick-up of the employer contribution by the amount of the required payment by the employee of the member contribution to the extent possible.

#### Section 13: SOCIAL SECURITY

In the event unit employees hired prior to April 1, 1986 are required to participate in Medicare, the City shall meet with unit representatives prior to implementing this change.

In the event the City is given the option to allow individual employees hired prior to April 1, 1986 to participate in the Medicare program, it shall do so, provided, however, that any employee who exercises this option shall pay his/her share and the City's share of Medicare contributions.

#### B. Usage

1. First Vacation: A new employee's first vacation may not be taken until he/she has worked for 13 pay periods. Absences such as sick leave or unpaid leave for an entire pay period shall not be considered time worked for this purpose.
2. Department Head Approval: No vacation absence with pay may be taken without approval by the department head or designee. The department head shall schedule and approve vacation for his/her employees as requested or at such other time as will achieve the most efficient functioning of the department and to avoid any loss of vacation by reason of the accumulation limit provided herein.

#### C. Accumulation Limit

An employee may accumulate vacation credits, with the right to take or be paid for if not taken, up to twice his/her annual vacation allowance. Vacation credits earned beyond the maximum are forfeited, with the following exception:

When any written request by an employee to take vacation is refused or not acted upon by the department head and the employee is not allowed other vacation time off to prevent a loss of vacation credits, the employee shall be paid at the straight time salary rate then in effect not only for the time worked, but also for the vacation time that would have been credited to him/her for working were it not for said accumulation limit. This payment shall continue until such time as the employee is permitted to take a vacation.

#### D. Annual Conversion

At the end of each payroll year, an eligible employee may convert up to 40 hours of unused vacation time into cash, payable at the base salary rate in effect at the time of conversion. Such conversions shall be made concurrently with the annual conversion of sick leave.

2. Each employee regularly scheduled to work less than 40 hours per workweek shall accrue sick leave at the rate of three (3) hours per pay period. In no event shall the total time taken pursuant to 2.a, 2.b and 2.c exceed 480 hours in any 12-month period. This maximum limit of 480 hours shall be reduced by any time taken pursuant to the employee's own FMLA qualifying condition(s) within such rolling 12-month period except as otherwise required by law.

C. Approval of Sick Leave

1. Sick leave may be granted only when an employee has sick leave credits. The first sick leave with pay may not be taken before the 90<sup>th</sup> day following employment with the City. No payment for sick leave shall be made without the approval of the department head or designee.
2. Prior to resuming work after taking three or more consecutive shifts of sick leave, an employee shall submit a physician's written certification of the medical necessity for his/her absence from work and a written release stating that he/she is able to perform his/her normal or modified job duties. For example, an employee absent on Monday, Tuesday and Wednesday must provide this release before resuming work on Thursday.

If the absence of three or more consecutive shifts is for family illness (See B2 above), the employee shall submit certification from the attending physician of the family member's medical condition during the length of absence for which paid leave is requested. The physician's certification shall verify that the family member had an illness, injury or medical procedure during the period of time for which paid leave is requested. However, the certification shall not be required to include a diagnosis or description of injury or treatment.

D. Bereavement Leave

The death of a member of the employee's immediate family shall entitle the affected employee to be absent for three shifts (not to exceed 27 hours) and such absence

shall not be charged to sick leave. An employee may also use two shifts (not to exceed 18 hours) of their accumulated sick leave per incident for bereavement purposes, and the City Manager may authorize up to an additional five shifts (not to exceed 45 hours) of sick leave usage for bereavement purposes when appropriate.

The definition of "immediate family" for the purpose of bereavement leave shall include the employee's spouse, parents, children, stepchildren, brother, sister, mother-in-law, father-in-law, grandparent, grandchild, stepparent, legal guardian and others as required by law.

E. Annual Optional Conversion of Sick Leave

Employees hired on or after June 29, 1996 are not eligible for this conversion program.

1. A person who has been regularly employed by the City for the full preceding calendar year and has at least 24 hours of unused sick leave remaining from the preceding payroll year may convert a fixed percentage of the unused portion of those credits to either of the following:
  - a. Up to 50% to vacation credits; or
  - b. Up to 50% to cash, to be paid at the employee's base salary rate.

An eligible employee who does not use sick leave during the preceding payroll year may convert up to 60% to cash or vacation, to be paid at the employee's base salary rate.

Payment for Unused Sick Leave Upon Separation

Payment for unused sick leave upon separation shall be awarded to persons regularly appointed to any City classification on or before August 31, 1983 and employed continuously thereafter. All others are ineligible for this benefit.

1. If an eligible employee dies or retires, 55% of the unused sick leave credits accumulated will be paid to the employee or, in the case of the employee's death, to the employee's designee or, if no designee, to the employee's estate. Such payment will be at the base salary rate in effect at the time of separation.
2. An eligible employee, who separates after ten years of continuous service for any reason other than death or retirement, shall be compensated for 55% of the unused balance of all accumulated sick leave credits in excess of 960 hours, to be paid at the base salary rate in effect at the time of separation.

- G. All sick leave credits not taken as sick leave or otherwise converted shall remain within the employee's accumulated sick leave credits.

#### Section 26: WORK SCHEDULE REDUCTION

Where service to the public permits; a full-time employee may reduce his/her work schedule. Such reductions must result in cost savings to the City and are subject to approval by the City Manager, the Director of Human Resources, and the affected department head.

A work schedule reduction can take either of two forms:

- A. The policy regarding time off will be relaxed to allow employees to take unpaid time off in lieu of vacation; insurance, increment pay, leave accruals and retirement will not be affected. This will be subject to the following:
1. Unpaid time must not exceed 10% of any pay period.
  2. An employee will not be allowed to exceed his/her vacation maximum. In other words, when the employee is at or near the vacation accumulation limit, vacation must be used and unpaid time will not be authorized.
  3. Taking unpaid time shall not result in overtime pay or comp time.
- B. When an employee wants to take off more than 10% of the time, he/she may, at the discretion of the City, reduce his/her schedule to three quarter time or half time. In this category, there is no reduction in insurance benefits but paid leave accruals, increment pay and tuition reimbursement are reduced to three-quarter or half-time and CalPERS service credit is reduced accordingly.
