## A S PECT

## Addressing The Workforce Housing Crisis In Fullerton: Aspect Apartments

## Project Profile: Aspect Apartments

- 251 Orangefair Ave, Fullerton, CA
- 323 Units, built in 2017
- Central A/C, in unit laundry, balconies, and plank flooring
- Amenities including pool, resident lounge, fitness center, and dog washing station
- Aspect Apartments presents a prime opportunity to convert market rate product into well-maintained workforce housing product for years to come, at affordable levels for the residents of Fullerton.
- Rents will be lowered to no more than $35 \%$ of household income at the Low ( $<80 \% \mathrm{AMI}$ ) to Moderate ( $<120 \% \mathrm{AMI}$ ) levels and will be annually capped with annual rent increases of no more than $4 \%$. No existing residents will be displaced. Rent growth is limited under the Regulatory Agreement, and increases will not exceed $4 \%$ annually, which is a significant discount compared with Fullerton's submarket historical rent growth of $46.3 \%$ over the past ten years.

- Residents will realize annualize savings of $\$ 1,162,000$, leaving more disposable income to be spent in support of local businesses.

## ASPECT

- City rental preference can be incorporated into the regulatory agreement. Fullerton residents, city employees, first responders, teachers can have their qualifications reviewed first
- This program allows the City to mitigate forecasted market-driven rents and keep rents affordable for middle-income residents, which have increased 46.3\% over the last ten years alone in the Fullerton submarket.

Projected Rent Savings

|  | 2021 |  | 2026 |  | 2031 |  |

| Total Annual Savings | \$ | 1,161,744 | \$ | 2,361,100 | \$ | 3,560,456 |

*Rents calculated using Fullerton's historical 10yrr rent growth rate (CoStar) and Orange County's AMI historical 10yr growth rate (Novogradac)

- Fullerton will have the right to compel a sale after year 15 , which would create huge value for the city. If the City decided to exercise their option, the City is projected to receive total net sale proceeds, amounting to $\$ 88.7 \mathrm{~mm}$ in Year 15 , and $\$ 369.6 \mathrm{~mm}$ in Year 30 . The City receives this cash from the sale of the property and does not need to become the owner of the property unless interested.

Taxes

- Fullerton's $15.64 \%$ share of annual property taxes for Aspect totals $\$ 213,161$. If no considerations were made to the City, Fullerton would forego $\$ 10,656,889$ in property tax revenue over 35 years, assuming a $2 \%$ escalation factor.
- HOWEVER, FULLERTON WILL BE RECEIVING AN ANNUAL HOST CITY CHARGE THAT STARTS AT \$275,000 IN Y1 THAT GROWS AT 2\% ANNUALLY, TOTALING \$13.75 MILLION THROUGHOUT THE LIFE OF THE PROJECT.
- The acquisition of this property is entirely financed by CSCDA-CIA's governmental revenue bonds, and there are no equity partners. After any outstanding bond payments are made upon a sale, all excess sale proceeds go to the City
Projected Sale Economics

|  | Current Year |  | Year 15 Total | Year 30 Total |  |
| :--- | :--- | :--- | ---: | ---: | ---: |
| Projected Cash to City on Sale of Asset |  |  |  |  |  |
| Plus: Resident Rent Savings (vs. Current Rents) | $\$ 1,161,744$ |  | $\$ 22,255,392$ | $\$ 56,928,567$ |  |
| Sale in year 30 assumes $3 \%$ market rent growth, $3 \%$ affordable rent growth, and $4.25 \%$ exit cap rate |  |  |  |  |  |

- The City is not the bond issuer or the credit enhancer, and these bonds do not diminish the City's issuing capacity. The bonds are backed solely by the project revenues. The City incurs no fees, liability, or administrative responsibilities in connection with this program.
- All excess cash flow is either reinvested back into the property to maintain the property in "Class A" condition over 35 years, or excess cash flow is used to repay bond principal.
